# Message from Leadership

## *Your Generosity. Our Commitment. A Healthier Tomorrow.*

*At the Health Care Foundation, we believe that exceptional health care is strengthened by the generosity of a community that cares. As we reflect on 2025–26, we are proud of what we have accomplished together and grateful to everyone who has helped make it possible.*

*Thanks to our donors, volunteers, corporate partners and community supporters, this past year has brought meaningful advancements in patient care. From investments in innovative medical technology and specialized equipment to research and programs that enhance the patient experience, your generosity continues to make a lasting difference.*

*Significant investments in robotic-assisted surgery, cardiac care and diagnostic imaging are helping health care professionals deliver advanced treatment and improved outcomes for patients. Through initiatives such as Comfort in Care™, we are also helping make the patient experience more comfortable and compassionate.*

*Our partnership with Newfoundland and Labrador Health Services remains essential to ensuring donor generosity supports meaningful health care priorities and responds to the evolving needs of patients and families.*
*As we look ahead, we remain committed to inspiring philanthropy, strengthening partnerships and investing in opportunities that will shape the future of health care in Newfoundland and Labrador.*

*To our donors, volunteers, Board of Directors, staff and health care partners, thank you for your trust, dedication and generosity.*

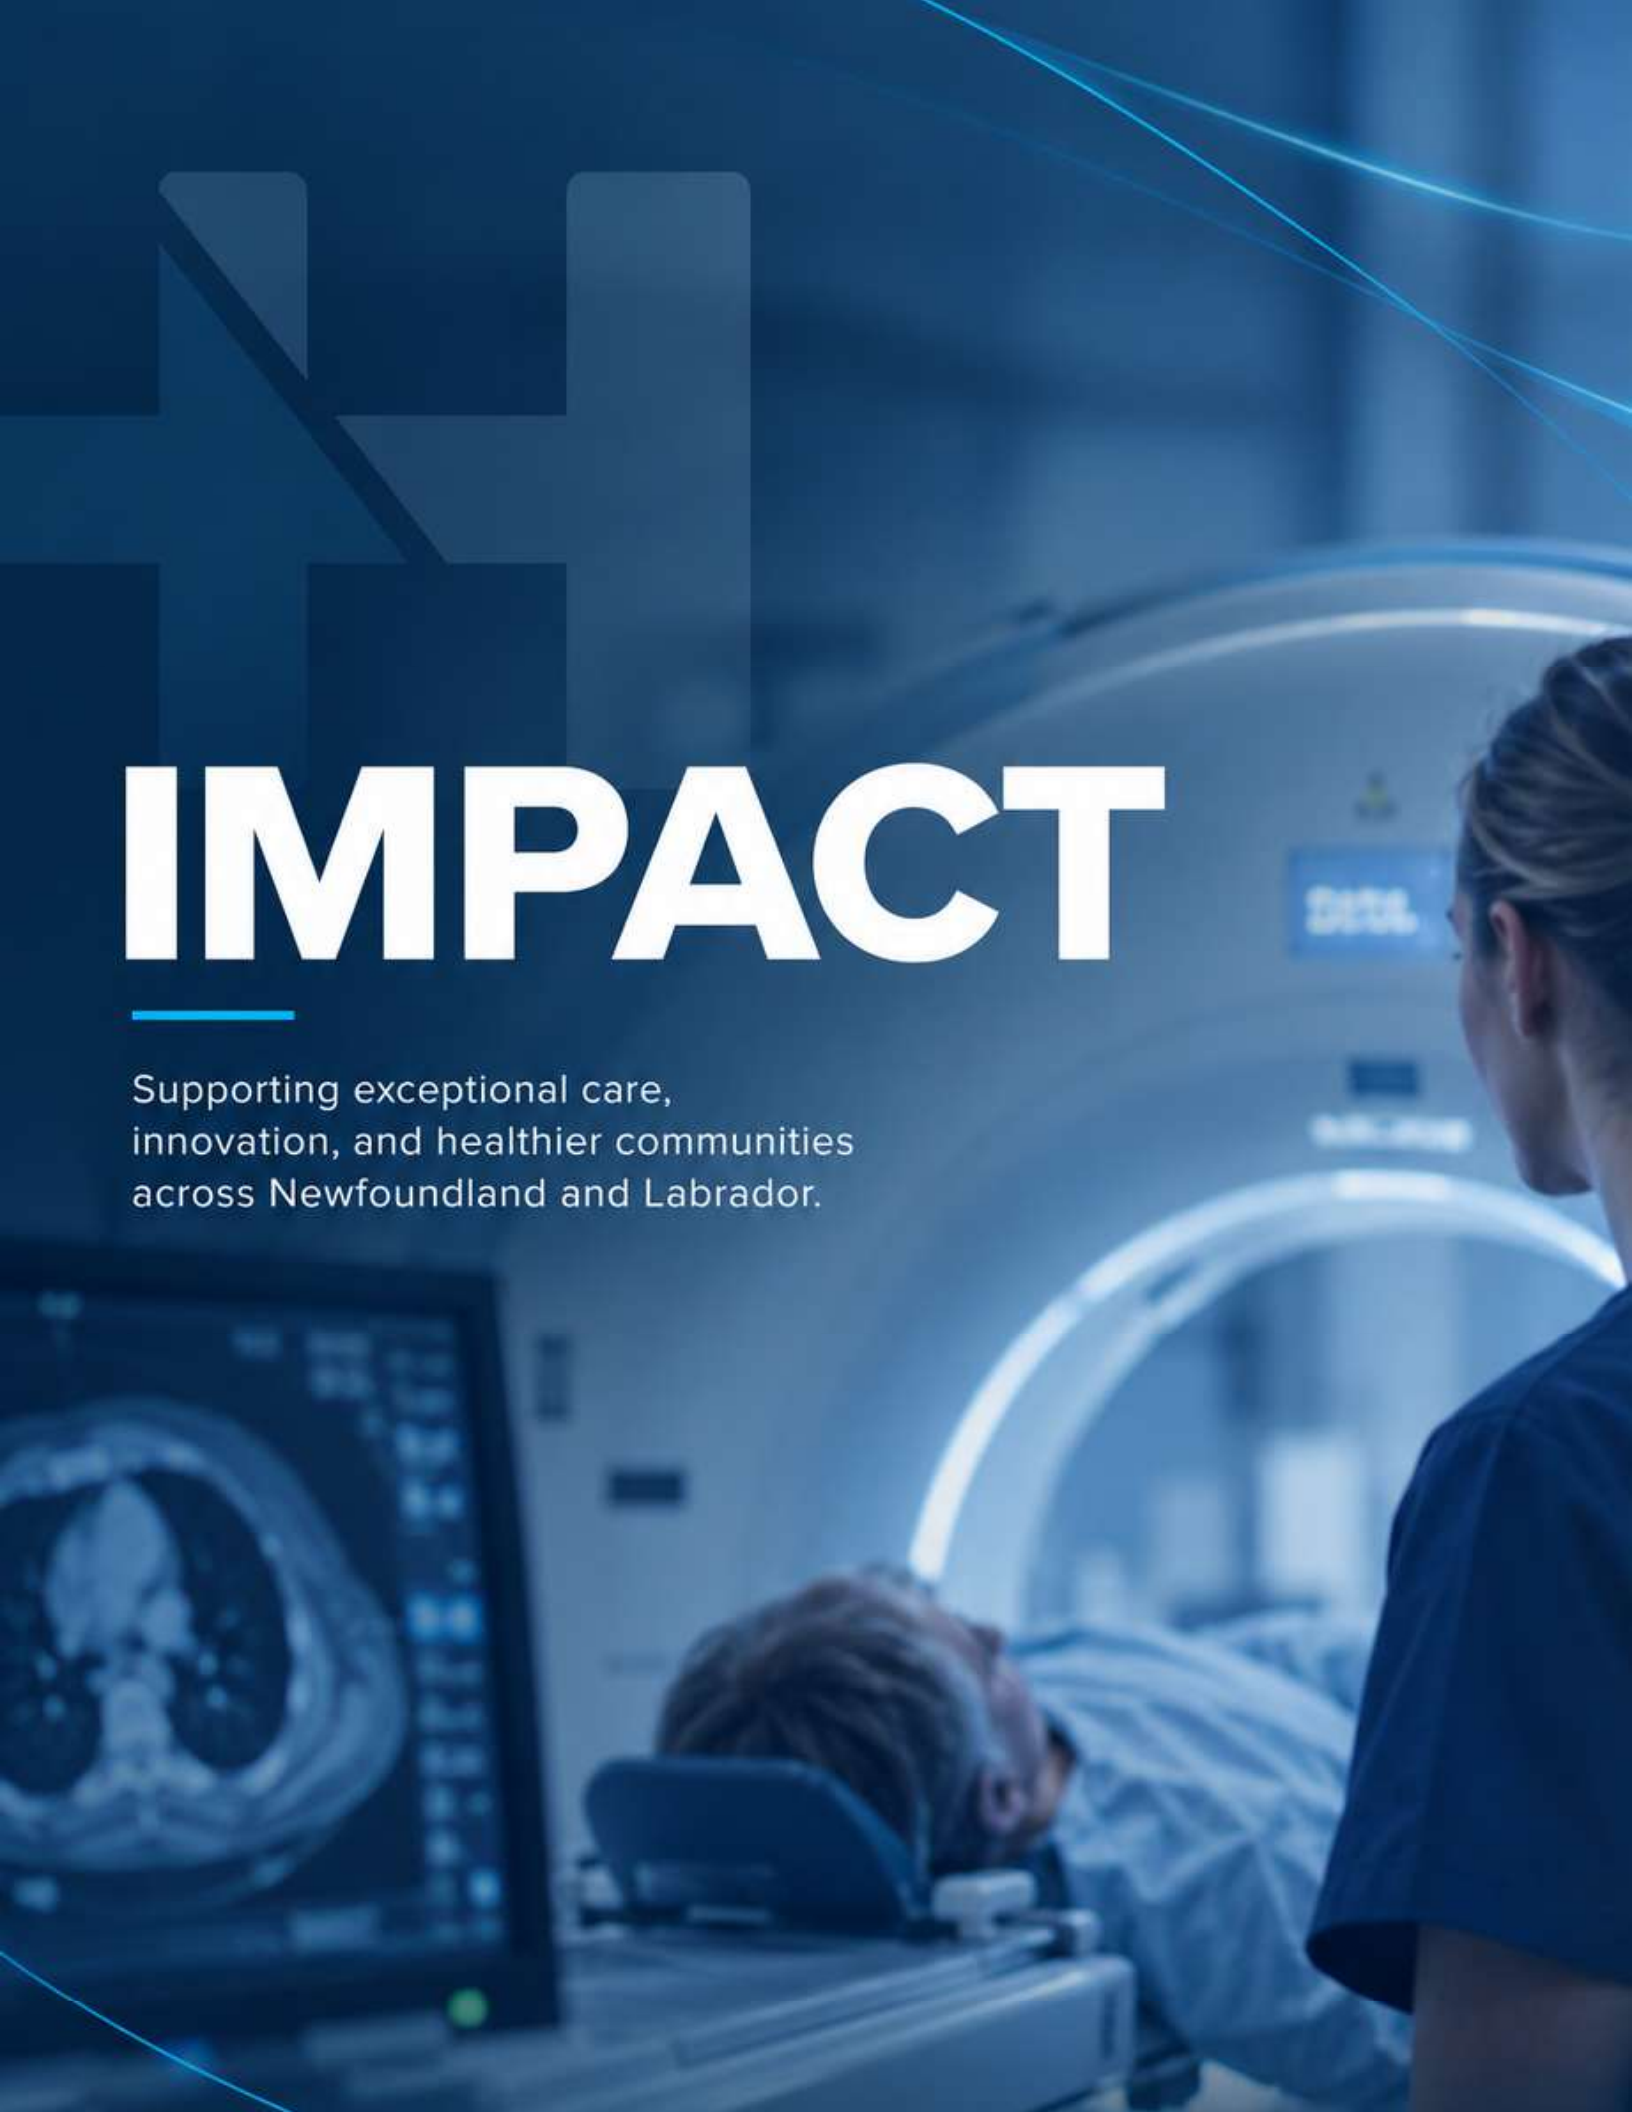

***Your Gift Gives Tomorrow.***

# IMPACT

Supporting exceptional care,
innovation, and healthier communities
across Newfoundland and Labrador.

# PATIENT IMPACT

## 6.8 Minutes that gave **Steve Callahan** a second chance

## *At 47 years old,*

**Steve Callahan never expected to find himself facing a life-threatening heart attack. But eight years ago, everything changed.**

Steve had a 90 per cent blockage in one of his heart's most critical arteries, the type of blockage often referred to as the "Widow Maker."

**Suddenly, every second mattered.**

***In just 6.8 minutes, a surgeon performed the procedure that would give Steve a second chance at life.***

For Steve and the people who love him, those few minutes changed everything.
The skill and expertise of his cardiac care team meant Steve was able to recover, return home and begin looking at life through an entirely different lens.

Today, Steve doesn't take the simple things for granted.
Movement. Breath. Waking up in the morning. Time with family and friends. The opportunity to simply be here.

***"Movement is a gift, breath is a gift, and waking up is a gift."***

Just four months after his heart attack, Steve participated in Row4Heart in 2019. It became an opportunity to give back and honour the physicians, nurses and health care professionals whose expertise and dedication give patients like him another chance.
Years later, Steve continues to carry an enormous sense of gratitude for the care that saved his life.

***"We all have two birthdays, the day we're born, and the day we realize why."***

For Steve, his second birthday is a reminder of how quickly life can change and how extraordinary it is to be given **more time**.
**More time to move. More time to breathe. More time with the people who matter most.**

*Your gift gives*
TIME.

# Robotic-Assisted Surgery
# From Vision to Reality

## Advancing Surgical Care Through Innovation and Philanthropy

In 2025, Newfoundland and Labrador took a transformative step forward in surgical care with the launch of the province's first robotic-assisted surgical program at the Health Sciences Centre.

Made possible through an **$8 million campaign** led by the Health Care Foundation and supported by the Government of Newfoundland and Labrador, the program funded not only the technology itself, but also the training and integration needed to create a sustainable, long-term program.

Since the first robotic-assisted surgery was performed in April 2025, 220 procedures have been completed across urology, gynecologic oncology, and colorectal surgery. Eight surgeons and 40 operating room nurses have received specialized training, building local expertise and strengthening the province's capacity to deliver advanced surgical care.

Early results are demonstrating meaningful benefits for patients, including improvements in length of stay that support faster recovery and earlier discharge. With an average robotic system case time of two hours and 38 minutes, the technology is also supporting the efficient delivery of complex procedures.

This milestone is about more than introducing new technology. It is about what becomes possible when donors, health care professionals and health system partners share a vision for better care. Through philanthropy and partnership, robotic-assisted surgery has moved from an ambitious idea to an integrated part of surgical care in Newfoundland and Labrador—helping teams deliver greater precision, supporting recovery, and expanding access to innovative care closer to home.

- **220 Robotic-assisted procedures completed since April 2025**
- **8 Surgeons** trained in robotic-assisted surgery
- **40** Operating room nurses trained
- **$8M Campaign** investment made possible through donor and government support

HEALTH CARE FOUNDATION

# Advanced Diagnostic Imaging
## Bringing Timely Care Closer to Home

### Strengthening Diagnostic Capacity Through Partnership and Philanthropy

Timely access to diagnostic imaging is essential for early diagnosis, treatment planning, and improved patient outcomes. In 2026, the Health Care Foundation partnered with Newfoundland and Labrador Health Services and the Government of Newfoundland and Labrador to expand MRI services with the addition of two new MRI scanners at the Ambulatory Health Hub in St. John's.

One of the MRI systems was made possible through a $1.8 million investment from Health Care Foundation donors, demonstrating the vital role philanthropy plays in advancing health care across the province. Together with government support, the project significantly enhances access to high-quality diagnostic imaging for patients.

Operational since February 2026, the new MRI scanners are helping increase imaging capacity and support more timely diagnosis for patients with cancer, neurological, cardiac, and musculoskeletal conditions. The advanced technology improves diagnostic confidence while enhancing the patient experience through efficient, high-quality imaging.

This investment reflects the power of partnership and community generosity. Together, donors, health care partners, and government are helping ensure patients have access to the diagnostic services they need, when they need them most.

# INVESTING IN the future of Cardiac Care

## Modernizing Cardiac Care

A major revitalization of the cardiac catheterization (cath) laboratories at the Health Sciences Centre was completed in 2025–26, strengthening the province's capacity to provide timely, precise and high-quality cardiac care.

Made possible through a $6.6 million philanthropic investment from the Health Care Foundation, with an additional $6.5 million from the Government of Newfoundland and Labrador, the project modernized cardiac imaging and interventional technology, improving precision while reducing radiation exposure for patients and staff.

The project also added a fourth cath lab and a dedicated radial lounge recovery space, expanding procedural capacity and supporting greater patient comfort and earlier recovery.

This investment demonstrates the impact of philanthropy and partnership in advancing cardiac care and improving the patient experience across Newfoundland and Labrador.

**4** cardiac catheterization laboratories now supporting the Provincial Cardiovascular and Stroke Program

**$6.6M Campaign** investment made possible through donor support

## COMFORT IN CARE™

supported by belairdirect.

Through Comfort in Care™, frontline health care teams identify practical, patient-centred initiatives that improve comfort, dignity, emotional well-being, and connection.

This year, **$115,000** in grants was awarded to **127 frontline health care teams.**

## MOVING LIVES FORWARD

supported by NAPE

With support from NAPE, the Moving Lives Forward Scholarship Program helps individuals facing mental health challenges pursue education, training, and personal growth opportunities.

In 2025-26, the program awarded **60 scholarships and distributed $52,500**, helping even more recipients pursue their goals and move forward with confidence.

# SANTA FOR A SENIOR

supported by NEWFOUNDLAND POWER A FORTIS COMPANY

Through the Santa for a Senior program, donors help brighten the holidays for seniors and long-term care residents by providing gifts, comfort items, and meaningful moments of connection.
Because of generous donor support, we were able to provide gifts, comfort items, and quality-of-life enhancements for **550 seniors** and long-term care residents across three facilities through Santa for a Senior program.

# RESEARCH GRANTS

The Health Care Foundation advances health care through investments in clinical and health services research. In 2025-26, the Foundation awarded $50,000 in research grants to support pilot projects, ongoing research, knowledge translation, and the sharing of findings, helping improve patient care and health outcomes across Newfoundland and Labrador.

# NURSING GRANTS

supported by belairdirect.

With the support of belairdirect, 31 certification and recertification grants were awarded in 2025-26, helping nurses enhance their expertise in specialized areas of practice. Belairdirect's annual support also funds the Foundation's Nurses Symposium, held each May during Nurses Week.

## St. John's Board of Trade Community Champion Award

The Health Care Foundation was honoured to receive the **St. John's Board of Trade's 2025 Community Champion Award,** recognizing the Foundation's commitment to advancing health care and strengthening communities in Newfoundland and Labrador. The award celebrates organizations that demonstrate leadership, foster meaningful community engagement, and create lasting impact through their work. This recognition reflects the collective efforts of the donors, volunteers, partners, advocates, and supporters whose generosity helps fund vital equipment, innovative programs, research, and patient-centred initiatives in the province. It also speaks to the power of philanthropy to bring people together around a shared purpose and support exceptional care for patients and families.

**The Foundation is proud to share this honour with the thousands of individuals, families, organizations, and communities whose support continues to enhance the health care experience and make a meaningful difference in the lives of people in Newfoundland and Labrador.**

## CommunityVotes St. John's Gold Winner - Non-Profit

In 2025, the Health Care Foundation was recognized as a **CommunityVotes St. John's Gold Winner** in the Non-Profit category. This community-driven award reflects the generosity, engagement, and support of those who champion health care through philanthropy, volunteering, and advocacy. We are proud to share this recognition with the many individuals and organizations who make our work possible.

## Outstanding Fundraising Volunteer Award

Long-standing Row4Heart volunteer and grateful patient **Tom LeGrow** was honoured with the **Outstanding Fundraising Volunteer Award** at the Association of Fundraising Professionals Newfoundland and Labrador (AFP NL) Spirit of Philanthropy Awards in November 2025.

This honour reflects Tom's remarkable leadership, compassion, and unwavering commitment to strengthening cardiac care for the people of Newfoundland and Labrador. As a heart transplant recipient, his generosity and advocacy carry profound meaning, offering hope and support to individuals and families navigating their own cardiac journeys. His steadfast dedication continues to make a meaningful difference in our community.

**Congratulations, Tom, on this well-deserved recognition!**

# YOUR GIFT GIVES...

Bringing communities together and inspiring generosity in support of exceptional health care.

## Turning Dreams Into Impact

The Home Lottery demonstrates what is possible when thousands of people come together in support of better health care. Every ticket purchased helps fund essential equipment, technology, and initiatives that enhance care for patients, residents, and families throughout Newfoundland and Labrador.

While offering participants the opportunity to win incredible prizes, the Home Lottery continues to generate meaningful support for health care priorities across the province. Since its inception, the program has awarded more than 22,000 prizes, reflecting the enthusiasm and generosity of supporters who help make these investments in care possible.

The enduring success of the Home Lottery is a powerful reminder that, together, we can create a lasting impact on the health and well-being of our communities.

THANK YOU!

# Events

## BRUNCH WITH THE BAGS™

presented by FORTIS INC.

Brunch with the Bags™ brings together community and corporate leaders **in support of women's health initiatives here at home.** This signature event offers guests an elegant three-course brunch complemented by live entertainment and a highly anticipated auction experience featuring designer handbags, luxury accessories, and curated fashion items.

**In 2025, Brunch with the Bags™ reached a record-breaking milestone, raising an incredible $158,220 to help advance women's health care.**

## GURNEY CUP

### Golf Tournament

presented by belairdirect. car and home insurance

Each year, the Health Care Foundation hosts **The Gurney Cup Charity Golf Tournament** in support of adult health care. This popular event brings together community and corporate supporters for a fun and competitive day on the course. Played in a four-person Best Ball format, the tournament sees every player tee off on each hole, with the coveted Gurney Cup awarded to the top team.

**This year's sold-out tournament raised an impressive $113,595 to help advance adult health care in Newfoundland and Labrador.**

# ROW4HEART

presented by CAPITAL HYUNDAI

Row4Heart is one of the Health Care Foundation's signature annual fundraising events, dedicated to advancing cardiac care in Newfoundland and Labrador. This dynamic, team-based rowing challenge brings together participants of all fitness levels to raise vital funds and awareness in support of cardiac health.

Originally scheduled for February 22, 2026, the event was postponed due to weather conditions and successfully took place in April 2026, bringing together dedicated participants, volunteers and supporters united by a shared commitment to improving cardiac care in our province.

# THE BIG RAISE

presented by KEYIN COLLEGE, FORTIS INC., RBC

The Big Raise is a signature charity poker event founded by Craig Rowe and Craig Tucker, bringing together business leaders, philanthropists, and community supporters for a sold-out evening of friendly competition, connection, and generosity.

## SOLD OUT

## Record-Breaking Results

## $420,870

More than a poker tournament, The Big Raise demonstrates the power of community philanthropy to advance health care in Newfoundland and Labrador. Through the generosity of sponsors, participants, donors, and volunteers, this highly anticipated event raises significant funds to support innovative medical technology, essential equipment, and improvements in patient care.

In 2026, The Big Raise achieved a **record-breaking milestone, raising $420,870** in support of medical imaging, helping advance access to timely diagnosis and care for patients across the province.

The continued success and sold-out attendance of The Big Raise reflect the extraordinary generosity of our community and a shared commitment to strengthening health care for the people of Newfoundland and Labrador.

# MAKING SPIRITS BRIGHT

Making Spirits Bright is the Health Care Foundation's annual holiday giving campaign and NTV television special, bringing communities together to celebrate loved ones while supporting better health care for the people of Newfoundland and Labrador. Through meaningful gifts made in honour or memory of someone special, donors helped fund comfort items for patients. Making Spirits Bright is a celebration of generosity, remembrance and the power of giving to make a lasting difference in the lives of patients and families.

## Bringing Communities Together to Make a Difference

Community events play an important role in supporting the Health Care Foundation's mission to enhance health care in Newfoundland and Labrador. Throughout the year, individuals, businesses, community groups and volunteers come together to organize fundraising events and initiatives that make a meaningful difference in the lives of patients and their families.

- Tim Horton's Smile Cookie - Compass Group
- Tim Horton's Holiday Smile Cookie - Compass Group
- Cowan Plaza Bingo
- NLHS Staff Lotto1
- Breakfast with Santa
- Funding Innovation
- Community by Christine (Christine Blackwood)
- Belles with Balls
- Car Show Pleasant View Towers
- Car Show Miller Centre
- Squid Jigger Dart Tournament

These events do more than raise funds. They bring people together, strengthen community connections and create greater awareness of the importance of philanthropy in advancing health care.

Thanks to the dedication of our community fundraisers and the generosity of everyone who participates, every event helps create brighter, healthier tomorrows.

The Shop had a soft launch in mid-November 2025, followed by its official **grand opening in December 2025**. Designed as a modern take on the traditional hospital gift shop, The Shop provides a welcoming and thoughtfully curated space within the Health Sciences Centre.

Operated by a dedicated team of part-time employees of the Health Care Foundation and supported by volunteers, The Shop places a strong emphasis on supporting our local community. We proudly showcase local makers, offer fresh local food, and partner with local suppliers to provide a much-needed service to patients, families, visitors, and staff.

Through its warm and welcoming atmosphere, local partnerships, and focus on convenience and care, The Shop is helping to enhance the hospital experience for everyone who walks through its doors.

## Creating a Lasting Legacy of Care

A planned gift is a meaningful way to support the future of health care while creating a lasting legacy. Through options such as a bequest in your **will, life insurance, beneficiary designation, stocks and securities, or RRSPs and RRIFs,** donors can reflect their values and help ensure continued access to essential equipment, technology, programs, education, and research for generations to come.

To strengthen the Planned Giving Program, an advisory panel was established comprised of legal, financial, insurance, donor, and corporate professionals.

**Planned Giving Advisory Committee:**

Margaret Butt (Chair)
George Beckett
Keith Bradbury
Sarah Dominic
Jonathan Dunne
David Jones
Edward Martin
Thomas Power
Melissa Saunders
Derrick Moore

### LEGACY IN ACTION Event October 2025

Legacy in Action 1 brought together 65 legal, accounting, insurance, and wealth management professionals for an interactive session highlighting the impact of philanthropy and planned giving. Attendees learned about advancements in robotic-assisted surgery and gained insights from an expert panel on charitable giving, tax-efficient planning, and collaborative approaches to helping clients achieve their philanthropic goals.

# Message from the Treasurer

On behalf of the Board of Directors, I am pleased to present the Health Care Foundation's financial report for the 2025–26 fiscal year.

This year was one of significant financial growth, reflecting the extraordinary generosity of our donors, the strength of our fundraising initiatives and the continued support of our community.

The Foundation generated total revenue of **$9.48 million, compared to $6.30 million in the previous year, representing an increase of approximately 51%**. This growth was driven largely by major gifts, which contributed $6.12 million, alongside strong support through annual giving, special events, planned giving, and the Health Care Foundation Home Lottery.

Total operating expenditures were $2.42 million, resulting in an excess of revenue over expenditures of $7.06 million before grants to NL Health Services.

Most importantly, the Foundation provided **$4.14 million in grants to NL Health Services Eastern Urban Zone**, compared to $3.83 million in the previous year. These investments demonstrate the meaningful impact of donor generosity in supporting equipment, technology, programs and initiatives that enhance patient care.

Following these grants, the Foundation recorded an excess of revenue over expenditures of $2.92 million, compared to $600,279 in 2024–25. These funds reflect the Foundation's ongoing commitment to honouring donor intentions and ensuring that resources are available to support planned investments in health care. Although these funds may appear within the Foundation's financial assets, they are not available for general operating purposes and will be used to fulfill their designated commitments. This positive financial result strengthens our capacity to support ongoing health care priorities and respond to emerging needs.

As we look ahead, the Foundation remains committed to responsible financial stewardship, transparency and ensuring that the generosity entrusted to us continues to make a lasting difference in health care.

On behalf of the Board of Directors, I extend sincere appreciation to our donors, sponsors, volunteers, community partners and staff. Your generosity and commitment make our work possible and help strengthen health care for the people of Newfoundland and Labrador.

Jeannie French
Treasurer, Board of Directors

# LOOKING FORWARD

## Building on Our Past. Investing in Our Future.

Together, we have accomplished so much. But there is still so much more to do.

Thanks to the extraordinary generosity of our donors, community partners and supporters, the Health Care Foundation has raised more than $150 million in advancing health care for the people of Newfoundland and Labrador. These investments have helped transform patient care through leading-edge medical equipment, innovative technology, enhanced programs and improved health care environments.

Behind every investment is a patient, a family and a health care professional whose life or work has been positively impacted by generosity.

We are incredibly proud of what we have achieved together. As we look to the future, we know that the need for philanthropic support has never been more important.

Health care is evolving at an extraordinary pace. Advances in medical technology, artificial intelligence, diagnostic imaging, research and treatment are creating new possibilities for how we prevent, diagnose and treat illness. These innovations offer tremendous opportunities to improve patient outcomes, enhance the delivery of care and bring new hope to patients and families.

The future of health care is full of possibility, and philanthropy will play an important role in making those possibilities a reality.

As we look ahead, the Health Care Foundation remains committed to working alongside NL Health Services, health care professionals and our generous community of supporters to identify emerging priorities, embrace innovation and invest in the equipment, technology and programs that will shape the future of patient care.

### The investments we make today will help determine the care available tomorrow.

While we celebrate the remarkable milestone of more than $150 million raised for health care, we recognize that our work is far from finished. There are new challenges to meet, new technologies to embrace and countless opportunities to make a meaningful difference.

We cannot predict everything the future of health care will bring. However, with the continued generosity of our community, we can help ensure that patients and health care teams have access to the tools, technology and resources they need.

**Our past is a story of generosity. Our future is one of possibility.**

**And together, we will continue to make a difference.**

## Your Gift Gives hope. Your Gift Gives possibilities. Your Gift Gives tomorrow.

# BOARD AND TEAM

**Behind every achievement of the Health Care Foundation is a dedicated group of individuals committed to strengthening health care in Newfoundland and Labrador.**

**Our Board of Directors** provide leadership, guidance and strategic oversight. **Our Staff** bring passion, expertise and dedication to advancing our mission each day. Together, they work to build meaningful relationships, inspire generosity and ensure donor support makes a lasting difference for patients, residents and families. We are grateful for their commitment, collaboration and shared vision of better health care for our communities.
